Subject: Invitation to participate in "International Conference of Plant Scientists (10th National Meeting of Plant Scientists)" scheduled on 21-24 April, 2008 at Department of Botany, University of Agriculture, Faisalabad, Pakistan

Title of the presentation: Study of Some Morphological Features of Six Cultivars of Onion (Allium cepa) at Quetta, Pakistan

Author(s) Muhammad Faheem Malik, Robert Sanderson, Ahmed Hussein El-Heneidy, Joe Ellington

Presentation Type: Poster Presentation

Dear Sir/ Madam

We have planned to hold International Conference of Plant Scientists (10th National Meeting of Plant Scientists) at the Department of Botany, University of Agriculture, Faisalabad on April 21-24, 2008. This conference is the continuation of the series of conferences held by the Pakistan Botanical Society after every two years. I hope that this conference will provide a sound opportunity and forum to share experience and knowledge with the leading plant scientists. I can foresee a meaningful outcome from the gathering of a galaxy of scientists from different countries like USA, Australia, Korea, Egypt, Turkey, Iran, India, Morocco, Tunisia, Taiwan and China in the field of plant sciences.

Being the President of Pakistan Botanical Society, I am pleased to inform you that your abstract titled above has been accepted for Poster Presentation. Therefore I invite you to participate and present your Poster on the above titled topic in this exciting conference. I would be grateful if you could make necessary arrangements well in time.

I look forward to your participation.

Yours truly

Prof. Dr. M. Ashraf
(Chief Organizer)
President, Pakistan Botanical Society,
Dean, Faculty of Sciences,
University of Agriculture, Faisalabad.
